## *A High School*

With December 7 came war. With war came the changes in program that any school alert to the needs of its community must make. Just how does a school at war differ from its former peaceful self?

First of all, the wave of patriotism that followed the outbreak of war manifested itself in patriotic programs and exercises.

A Defense Council was formed of Des Moines high school teachers and students to promote the exchange of ideas for war time activities. Many boys from East go every day to old West High School where specialized jobs in vital war industries are studied and practiced.

## SCROLL STAFF

Virginia Zuech

Betty Ann Rider

The scribble, scribble of pencils, the clackety clack of the typists, the peck, peck of the one-finger kind are the conglomeration of noises you would hear if you should happen to drop in on the Scroll staff some busy day.

As you loyal subscribers know, the Scroll contains stories of school activities, gossip, pictures of the students, advertisements, and many other interesting items.

The principal characters of this mad house are Betty Rider and Virginia Zeuch who are the co-editors. They efficiently direct the work of the staff in planning and editing the paper; but even these learned students must be helped by some bigger power, these being: editorial advisor, Mr. Stratton; business advisor, Mr. Olsen; and art adviser, Miss Macy.

These students and teachers certainly deserve all the praise that we can give them.

# Student Council

**Student Council Officers:** Jerry Krueger, President; Bill Harris, Vice President; Esther Larsen, Secretary.

The student council has long been the back-bone of East High. The council has been the origin of many school rulings that allow the school to function as smoothly as it does.

In the council most of our parties, our matinee dances, our school shows, and assemblies are planned. The paper drives and bundle drives, our efforts to obtain metal and books were instigated in a student council meeting.

The council is composed of boys and girls selected by their classmates in their home rooms. They meet and form the council and in this group discuss and try to settle any problems arising in our school life.

The council elects its own officers who, this semester, were Jerry Krueger, president; Bill Har-

ris, vice-president; and Esther Larsen, secretary, to record the events of the club meetings.

The council is divided into various committees, each covering a certain problem or phase of student life. These committees work separately from the council as well as co-operating with the rest of the members.

The committees cover a large range of topics which include Red Cross, which attempts to raise money for urgent needs; publicity, for publicizing East High presentations; athletics, whose purpose is to promote interest in the various intra-mural athletic contests and also, if needed, to promote drives for raising money needed for taking care of the outfits.

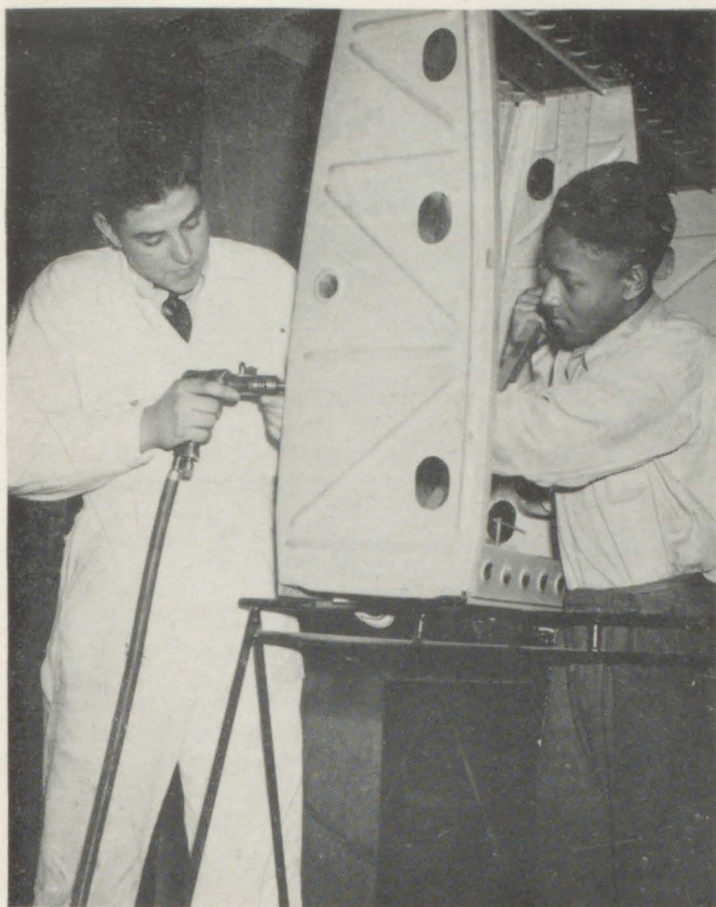

Each of us should help support the student council.

## *At War*

One of the new courses offered to East High students in our own building is Home Nursing which takes on great importance when we consider the shortage of trained medical personnel.

The woodworking classes have devoted much of their time to making model airplanes for the United States Army and Navy Air Corps.

Even the annual paper drive became a war project because paper is needed for vital war industries. In all-out war in which conservation of material is one of the most important duties of every patriotic citizen, everyone must be on constant guard against waste.

## *A High School At War*

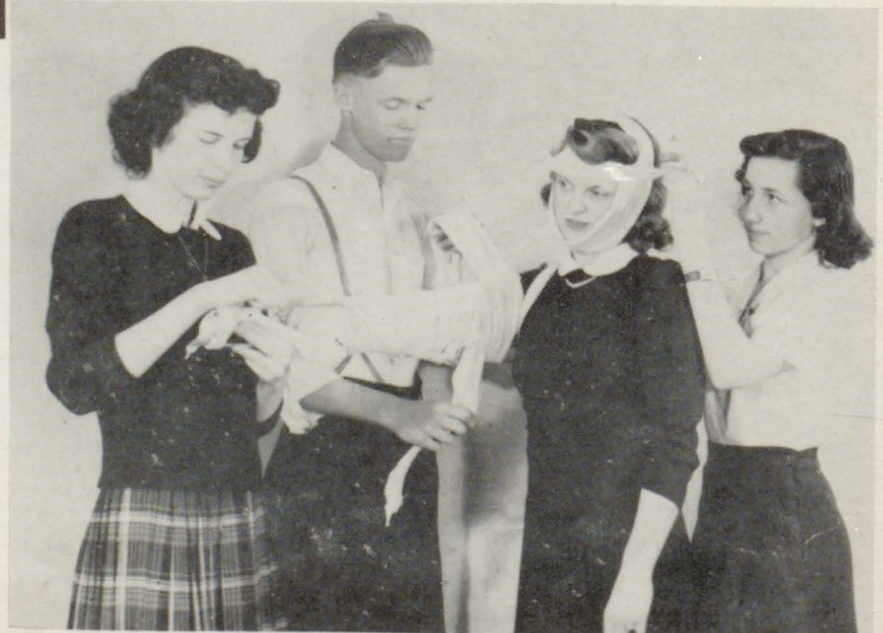

Total War means participation by every individual in the master effort. Too many times this means indiscriminate attacks on the civilian population. To cope with this possible danger to our citizens, East High has inaugurated a First Aid Class with Junior certificates the reward for the course of study.

An activity in which every student may take part is the War Savings Stamps campaign. Many students, in realizing the need of our nation and their own benefits, have designated regular periods for the purchase of these stamps; one ten cent stamp a day over any period of time results in a sizeable saving for the individual as well as a patriotic contribution to the war chest.

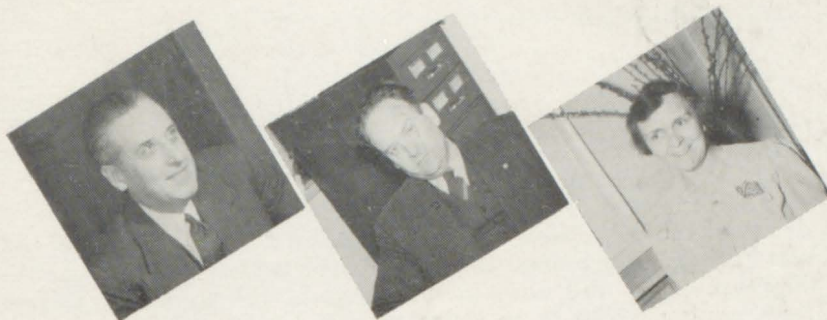

The greatest factor in waging modern war, which uses mechanized units so extensively, is still manpower. The strength of our men, their health and physical condition, must be developed if we are to win this war. The strengthening and development of East High's manpower rests in the Physical Education Department. Military drills are now a part of these classes as well as an intensified Physical Education program.

With the treacherous assault of last December by the enemy, every individual of our 130,000,000 population was seriously affected; therefore, our educational institutions were also affected. How would we answer the challenge to our American Way? What would be our reply to Total War? There could be but one answer; concentrated endeavor on the part of the entire nation to supply the needs of the war effort. In this effort the schools of the country have a great responsibility.

How can our enemies hope to conquer our nation as long as the schools of America continue to produce educated, intelligent citizens who know that the rights of the individual must never be overshadowed by those of the state.

## Administrators

**MR. D. Q. WILLIAMS**  
Vice-Principal

A busy, capable, efficient, likeable leader is the Vice-Principal and Boys' Adviser of East High School, Mr. D. Q. Williams.

Besides the duties of these offices, he arranges and schedules all the school sports in which our East High boys compete. He is also principal of night school and is in charge of the N.Y.A. employment.

He has also been responsible for many jobs that graduates have received.

**MISS AGNES HELMREICH**  
Girls' Adviser

Always cheerful, ready and willing to help students no matter how busy she may be, is our Girls' Adviser, Miss Agnes Helmreich.

She has to see that many things are taken care of throughout the school. Helping with the P.T.A. to bring closer relationship between the parents and teachers, supervising the Student Council meetings and helping with the senior plans and the social activities of the school are only a portion of Miss Helmreich's work.

Mr. O. G. Prichard

**MR. O. G. PRICHARD**  
Principal

In leading such a large organization as East High School, Mr. O. G. Prichard, our principal, does a splendid job. Besides heading the executive council, he has many other tasks to perform such as scheduling all the assemblies. This takes a great deal more work than the students realize. It is for their enjoyment as well as their education.

The East High students really do appreciate the wonderful things our popular principal does.

Mr. D. Q. Williams

Miss Agnes Helmreich

# FACULTY

Few of us realize or are able to dream of the potential effect that civilization's teachers have upon the thousands of students whom they turn out every year. There are undoubtedly countless mysteries of human character and achievement that we could explain if we knew the instructor who had, somewhere in the dim dark past, started certain persons' minds on those paths which have led either to glory or to destruction.

The democratic thoughts and ideals instilled into the minds of the students of East High School by our faculty will have far-reaching effects upon our country and, no doubt, many of our students will hold responsible positions in our governments, standing in contrast to the ideals presented by those students of totalitarian nations who believe in the supremacy of the state over the individual.

A wide and extensive education is necessary in order to be a capable school teacher, because, not only does the teacher instruct his five daily

classes, but he must stand ready to advise and counsel the student who wishes guidance and at all times must conduct himself in such a way so as to be a fine example for his students.

In this present national crisis a large percentage of our faculty, along with teachers of other schools in Des Moines, have undertaken to instruct a series of courses in various phases of civilian defense and preparedness work, so as to prepare the citizens of this community better for any eventuality which might occur in a war such as this. This extra work has taxed our teachers to the utmost and made it extremely difficult at times for them to remain their cheery, natural selves. We students of East High School feel, however, that we owe a great deal to this faculty of ours, and if at times we seem to forget this, we hope the faculty will overlook it and treat it as just another mistake that each growing man or woman must make in order to be a better citizen in later life.

## QUILL STAFF

Virginia Snow, editor-in-chief

Lynn Rhoads, associate editor

The Quill Staff, as usual, found this semester a busy one. With a list of 370 seniors to handle, not mentioning the undergraduates, the staff had quite a job to complete.

Heading this semester's work are Virginia Snow, editor-in-chief, and Lynn Rhoads, associate editor. The sub-department heads and their members are Dorothy Osborn, editor of organizations, with Shirley Gardner, Billie Miller, Betty Johnson, and Mildred Nichols, as members; Shirley Olsen, editor of senior department, with Marilyn Wallace, Mary Harriger, and Leonard Ralston, as members; Glen Keister, editor of sports, with assistant, Audrey Wilson; Max Schuette, editor of features, with Elizabeth Rosburg as assistant; and Jack Kirstein, editor of jokes.

The typists for this semester's work are Patricia Young and Phyllis Speck. Paul Kiser is the photographer with Robert La Blanc as his assistant.

## Dance Band

Probably one of the most popular and most enjoyable organizations in this school is our dance band. My, how they do swing out! ! They provide a pleasing mixture of "sweet" and "hot" music. Their programs of the top tunes played at all the matinee dances, all-school parties, and various other occasions would make even the oldest want to get up and "swing it" with our swell band!

## Wardrobe Girls

The wardrobe girls are that unseen force behind the production. We who sit out front enjoying a performance never consider the work that goes on unseen but is of the utmost importance for a finished production. They must care for the many costumes and properties which are in constant use in various school activities. They must keep account of the items so they will be on hand when needed.

## Stage Hands, Electricians

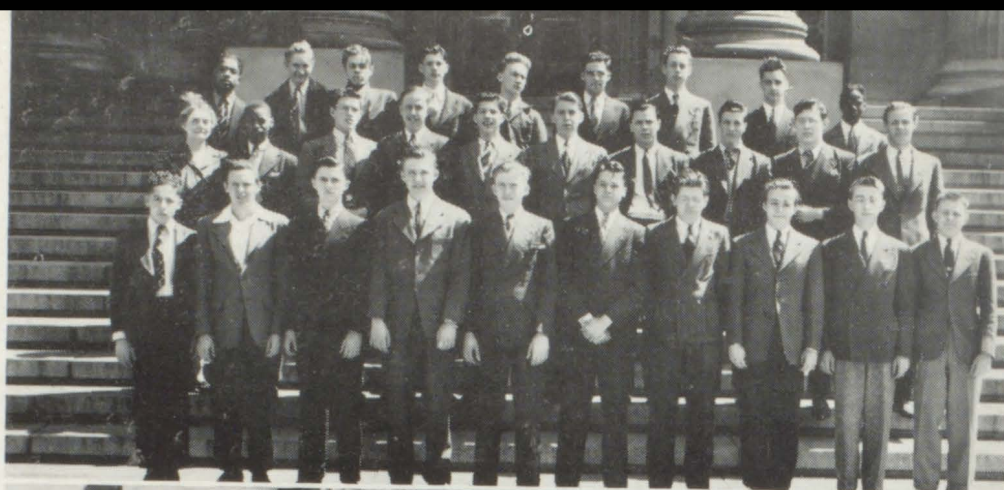

Another group of our unsung heroes of East High School are those boys who work so diligently behind the scenes of our various productions. The stagehands move the various properties into their proper places in what seems to be merely a split second while the electricians take charge of the various lighting effects and public speaking facilities. Certainly, much praise is due these valuable "behind the scenes" workers.

Fourth Row: Young, Plummer, Cunningham, Hornback, Helms, Brewer, Fort, Voyce, Watson, Henning, Rock, Miss Greenhill. Fifth Row: Marshall, McCall, Dwyer, Barclay, Helman.

### Boys' Glee Club

The Boys' Glee Club, under the guidance of Miss Sigrid Greenhill, has proven to be full of excellent opportunities for those boys who are eager to gain knowledge of good music as well as to participate in singing. This group takes part in many activities of East High School and also in local programs.

Besides receiving a great deal of value from this capable instructor's training, they get a lot of enjoyment out of singing with other girls. Through this organization, good voices are discovered.

### A Cappella Choir

The A Cappella Choir under the direction of Miss Greenhill sang this semester before three South Americans who came especially to hear them. The visitors have been making a study of school music in the United States.

We should be proud to know that out of only four school choirs chosen ours was one.

### Girls' Glee Club

The Girls' Glee Club, under the direction of Miss Sigrid Greenhill, gives girls the opportunity for the development and training of their voices.

## Hall Monitors

The boys and girls sitting around the halls during class periods are not trying to gyp, nor are they merely getting out of gym or study hall, and you might add, that they are not studying either.

But it is wrong to leave it there because these students are doing a very difficult and important task—that of the hall monitor. It looks simple and easy but when a bunch of boys and girls, who consider themselves of great importance for some reason, try to get through the hall without a slip just try to hold them back all by yourself. It isn't easy!

And we must consider those dear, dear alumni who are so attached to East High that they have to come and visit during class time and stand in the halls waving at their friends who have not graduated. They seem to think that they are above the jurisdiction of a mere high school monitor. It is surprising that the monitors do not get grey hair.

Not everyone can be a monitor; it is true, but the various sponsors choose the students they believe to be the most trustworthy and responsible. The monitor is responsible for keeping the hall quiet and orderly while classes are in session.

**Fourth Row:** Peterson, Hindal, Ablett, Jensen, Jorgensen, Howard, Bushner, Anderson, Virden, Roth, Whitehurst.

### Vogue

The Vogue Club has proven to be quite a successful organization by providing ways for girls to overcome both social and individual problems.

This year's advisor, Mrs. Dean Schmidt, has given much of her time to the club and has taken profound interest in its success.

This year's officers are Henrietta Hillestad, president; Billie Miller, vice-president; Mary Du Bois, secretary; and Betty Ostrand, treasurer.

### Philomathean

One of our oldest and most respected clubs in the school is the Philomathean literary club. Headed by the capable Miss Fickel, it holds a lot of constructive meetings in which everyone derives a great deal of pleasure. Their semester's work is ushered in with a unique initiation, and one of the meetings includes a trip through a publishing company. Every member is proud to belong to this interesting club.

### Philomathean

**First Row:** (left to right) Maxine Wilson, Charlotte Christensen, Elizabeth Rosberg (Treas.), Mildred Hallen (Vice Pres.), Mildred Nichols (Pres.), Marguerite Ellingworth (Sec.). **Second Row:** Eleanor Hansen, Evelyn Olson, Delores Noland, Betty Southard, Mary Lou Manbeck, Gloria Polson, Audrey Wilson.

G. Siverson, Don Desing, Gene Person, Bob Trittle, Lee McQuiston, Jack Hutton.

### Rifle

The Rifle Club, under the sponsorship of Mr. A. G. Siverson and Mr. S. A. Bakalyar, is an organization that requires some skill in the art of shooting before becoming a member. Try-outs are given at the first of each semester to find the boys who are eligible for membership. Those who are fortunate enough to meet the requirements are given splendid opportunities for improving their shooting technique under the fine instruction of the two capable supervisors. The members of the club are also given the opportunity of trying for national awards for their skill.

### Brush and Palette

The Brush and Palette Club was organized for the purpose of increasing art appreciation and the ability to recognize the beauty of art, and to be able to use our surroundings to make beautiful and useful things.

This semester the club has been completing a full program with Loretta Tyler, president; Lorraine Turner, vice-president; Vivian Merten, secretary; and Miss Harriet Macy, sponsor.

During their meetings the club has worked on decorations for the carnival, carved wooden shoes and trays, and clay models.

### Brush and Palette

### Nutrition

Everywhere these days one hears how everyone is donating his or her spare time for defense work. In a six-week course under the instruction of Mrs. Kelsey, writer and lecturer, this class learned about proper food selection and preparation, which becomes of utmost importance during war time.

### Zetagathean

The Zetagathean Club is under the sponsorship of Miss Christine Smith, and the leadership of Helen Oberg, president; Betty Free, vice-presi-

dent; Patty Anderson, secretary; and Lois Routson, treasurer. Several of their events this semester were a visit to the Art Center, a benefit supper, and a farewell tea for seniors.

### Castle and Checkers

The Castle and Checkers club, founded by Mr. J. A. Seevers, is one of East High's older clubs. Each semester these boys hold a tournament to determine the champion of chess and checkers in the school. The officers are: President, Everett Craft; Vice-President, Bob Kramme; Secretary, Ronald Kail; and Treasurer, Floyd Bitting.

### Castle and Checkers

Fourth Row: Mary Ann Gay, Mary Wagner, Mavis Dean, Ruth Schartner, Russell Hall, Harold Sternberg, John Ingalls, George Laurinas.

### E Epi Tan

The E Epi Tan club, under the supervision of Mr. William Lyman, meets for the purpose of discussing important national events and other such interesting topics.

The officers for this semester are as follows: President, Roger Ashton; Vice-President, Kenneth Aschim; Secretary, Clifford Cunningham; Treasurer, Jack Morgan; and Sergeant-At-Arms, Jack Hartle.

### Shakespearean

The Shakespearean club is under the supervision of Miss Grace Gabriel and Miss Sara Mc Bride. The purpose of the club is to study and

appreciate good literature. This semester the club had several unrehearsed plays.

The officers of the club are Shirley Olson, president; Marilee Petersen, vice-president; and Mildred Nichols, secretary-treasurer.

### Broadcasters

The Broadcasters' club, under our efficient Mr. Stratton, does a lot for those who are interested in following up the broadcasting of radio programs. With the use of a fine microphone attachment to the radio, the members have practice in the presentation of programs, besides working out their own skits.

### Broadcasters

Seated: (left to right) William Dennis, Pres.; Joy Ackors, Vice Pres.; Nellie Jones, Treas.; Barbara Parker. First Row: Patricia Rock, Juanita Wilson, Blanche Delpierre, Mr. Stratton. Second Row: Harold Clement, Catherine Marshall, Elinora Davis, Carol Murphy, Bill Powell.

#### Girl Reserves

**Fourth Row:** Johnson, Stonier, Petersen, Gardner, Rock, Pointer, Martell, Dawson, Robinson, Lemon, Gravengoard, Craft, Brady, Mellerup, Bach, Osborn.

### Girl Reserves

One of the most popular clubs in the school is the Girl Reserves. Every member is proud to belong to such a worthy organization. Sponsored by the YWCA, it has many excellent opportunities for parties and meetings at the "Y", for it has the use of the building at all times. The girls make use of this opportunity many times, making their meetings more enjoyable. The YWCA sponsors a club of this sort in every high school in Des Moines, and many parties and meetings are held with the other schools at the "Y" where the girls get acquainted with girls from other schools, besides having a lot of fun.

All the members have the opportunity of attending an annual houseparty where fun prevails and all the girls have a grand time. Each year a conference is held at Lake Okoboji, and two girls are selected to go, where besides having a good time, they get in some constructive thinking and study. Meetings of interest to all girls are also held here at school. The club helps to make a wholesome girlhood for all the members.

### Hi-Y

The Hi-Y is a club of boys that meets each Tuesday night at the Y.M.C.A. It is a club whose aim is to create worthy young men.

The officers of this club are Carroll Cram, president; Jack Morgan, vice-president; Einar Johnson, secretary; and Bob Smith, treasurer. There are two cabinet members who are Harold Sternberg and Bob Exstrand.

The programs are arranged by the vice-president who has managed to secure some very fine speakers for the meetings this year. Some of the speakers have been Bill Brown, announcer for radio station W.H.O, Dr. Jonas, who spoke on state education; vocational speakers both professional and skilled; and Glenn Lull, the commercial artist, who put on a program for the club.

The last meeting of each year, the club makes a trip to Ames to a lodge dedicated to Hi-Y boys. There the boys elect officers for the coming semester. Come on, you younger boys. Join the club now and live up to the motto: "Clean speech, clean living, clean sports."

## The Season

A sport around which a great deal of interest of the school falls is basketball. Basketball is one of the most strenuous sports played in high school. It is often more strenuous than football which is probably the roughest sport.

The boys who go out for basketball have to be in very good physical condition, just the same as the boys in any other sport. They don't have any protection either. Maybe you think they don't need it, but if you ever got a floor burn, you'd know.

Mr. Augustine, "Mike" for short, is our favorite coach and the one who helps keep the boys in good condition. Mike is a swell fellow. Say "hello" to him when you pass, congratulate him when we win a game.

You know something about basketball and the coach, now how about the season—12 wins out of 22 games isn't bad, but East has done better.

Possibly the loss of Jess Hill and the misfortune of Bob Kramme held our percentage down. The East High boys always do the best they can, and we of East are always proud of them and our school.

The boys did play well this year and as a reward seven of them received monograms. They are: one ring, Edgar Palmer and Vincent Fillman; two ring, Lonnie Howard, Bill Harris, Jack Morgan, and Harold Sternberg; and a three ring monogram, Bob Kramme.

We shouldn't slight the second team boys. They played a fairly good season. Just remember, it isn't the score but the way they play.

Many of the boys on the first team will graduate this June or next January, but Mike has some boys on the second team ready to step in and take over.

First Row: (left to right) Fellman, Mills, Grandquist, Showd, Howard, Harris, Clemens, Boatwright, Terrell.  
 Second Row: House, Cox, Mott, Toma, Robinson, Bruce, Taylor, Bacon, Munger.  
 Third Row: Geitz, Chappell, Redhead, K. Redhead, Ivanovich, Wiltsie, Trites, Rider, Lindquist.  
 Fourth Row: Miller, Englund, Wilson, Johnson, Ryan, Comegys, Walters, Wimmer, Sandin.

## TRACK

The sport in which many boys participate because of its broad field of activities, is track. Track includes running, jumping, pole-vaulting, and shot putting. Track is the most important spring sport and a minor sport in the fall.

If a stranger should stroll into the front hall and look at the trophy cases, he would get the impression that East is a great school for track. This is true; East has always been noted for its great track teams.

The track team this year will not let East down and probably will bring back some more trophies for our already overflowing cases.

Some of our fastest boys, Miller, Mills, Jim McQuiston, and Munger, we hear, are going to break some records if we have nice weather for the Drake Relays. The two mile team, of course, should come off the track this year throwing some broken records around (and we don't mean phonograph records). LeRoy Munger should be right on the top in the high hurdle race at Drake and the state and city meet.

Just as soon as Mike finishes with basketball, he begins to get the track team lined up. Maybe you'd think this would be in the middle or maybe the first of March. If you were around school the early part of this semester, you could have seen the boys warming up in the basement halls. This might have impressed in your mind the work the boys go through in their training. Don't think lightly of these boys. They're a swell bunch.

# TENNIS

Sometimes things that seem very simple are really very hard. Oh, of course, just hitting a ball back and forth isn't hard but that isn't all there is to tennis.

In tennis one runs from one side of the court to the other, then forward and back again, while still trying to hit the ball back over the net. Just getting the ball back over the net isn't enough. The player has to get the ball out of the other person's reach, and this doesn't mean in the net.

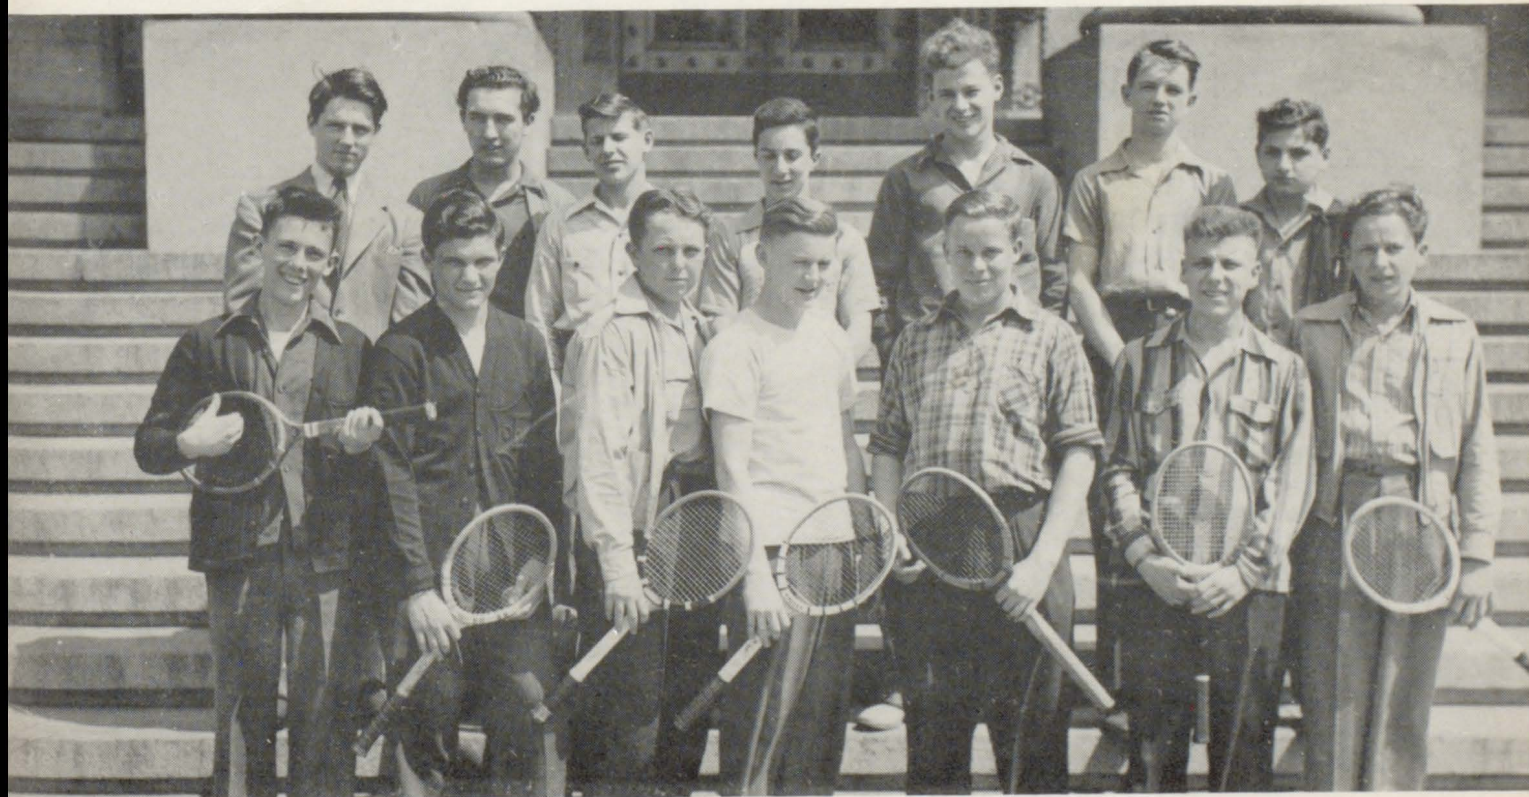

We have some very good players this year. There are John Gustafson, last year's number one man, and also George Lamb, Gordon Wills, and Roy McKay. There's also a promising junior, Wendall Vermeulen, whom you will probably hear a lot from this year. He spent last summer with Frank Wegener, a former East High teacher and tennis professional, so he should be pretty good.

When you see the boys out knocking that old ball around, don't think they're just playing; they are probably practicing their drives, chops, and other shots so they can defend East High this season.

We cannot forget the coach, Mr. Hafenstein, who says the season will probably be a good one, but he cannot make any promises.

Second Row: Con Hamborg, Bob Storey, Ken Teater, Keith Fever, Ramon Wilson.

# GOLF

## FORE

The boys of the golf team of East may have to put flags on their golf balls this year but that won't hinder their excellent record.

Among the boys who will support East on the greens this year is: Bob Frey, the captain of the golf team this year. Bob came out in 10-B and earned his monogram the first year. He's a swell golfer under pressure. Then there's Harold Hansen, a two-ring boy and last year's captain. You can always depend on his shooting in the low 80's or high 70's. Bill Teater, a 12-A, played at Ames last year and in all the other major meets. His brother Kenneth was handicapped by an accident but is a good prospect. Jack Strait is one of the boys who will be fighting for top place this, his fourth semester on the golf team. Neil Smith, a good player, too, received his monogram the first semester out.

It takes a long time to become anything like a good golfer. One must spend many hours practicing the drives, putts and the right form for all

## PAR

the shots. Mr. Hostetter, that little man with a smile for everyone, our golf coach, helps the boys with their strokes and form.

We should be proud to have a man like Mr. Hostetter teaching in our school. He teaches a class, takes care of the stage, tries to do all the shop work he can for the other teachers, and besides all of this, finds time to get together with the boys and coach them with their golf.

When Harold Hansen, Bill and Kenneth Teater, and Harold Stenberg graduate, Mr. Hostetter has some boys who are ready to take their place. Some of the second team boys, Wayne Marshall, Tom Wolf, and Raymond Wilson, are ready to step up and take the seniors' places.

We can't tell you anything about the results of the season now, but Mr. Hostetter says it will be a good season and that the boys from East will do their best to support East at every meet. We hope they will bring back a trophy from every meet they attend.

First Row: (left to right) Harold Taylor, Carl Hackley, Roger Smith, Lyle Thorpe, Bob Bates.  
 Second Row: Gene Downey, Wilbur Anderson, Ed Blaine, Charles Kellogg, Jim Barrett, Norlan Champ.  
 Third Row: Richard St. John, Bob Sargent, Alan Southworth, Richard Wittkowski, Al Wehrle.

# SWIMMING

## DUCK

Swimming is one of the most enjoyable of all the sports. Nothing could be more invigorating than paddling around in the water these summer days.

The boys on the swimming team have to do more than just paddle around. It doesn't take much to learn swimming, but to get perfect coordination between one's feet and arms is a great task. After long hours of hard practice, mixed with a little play, our boys have become good swimmers. To have good wind is another essential thing.

Some of the best swimmers at East this year are Richard Witkoski; Lyle Thorpe, Roger Smith, our twenty-two man; and Carl Hakely who swims in the forty-yard relay. There is a promising prospect, Jack Taylor, who swims the fast forty. The best boy on the team by far is Floyd Hartzler, who holds the state record for the 220 yard swim. The boys did not win any meets this year, but came out on top in the 160 yard relay. Floyd dived in and brought home the Big Seven Conference Championship.

## PONDS

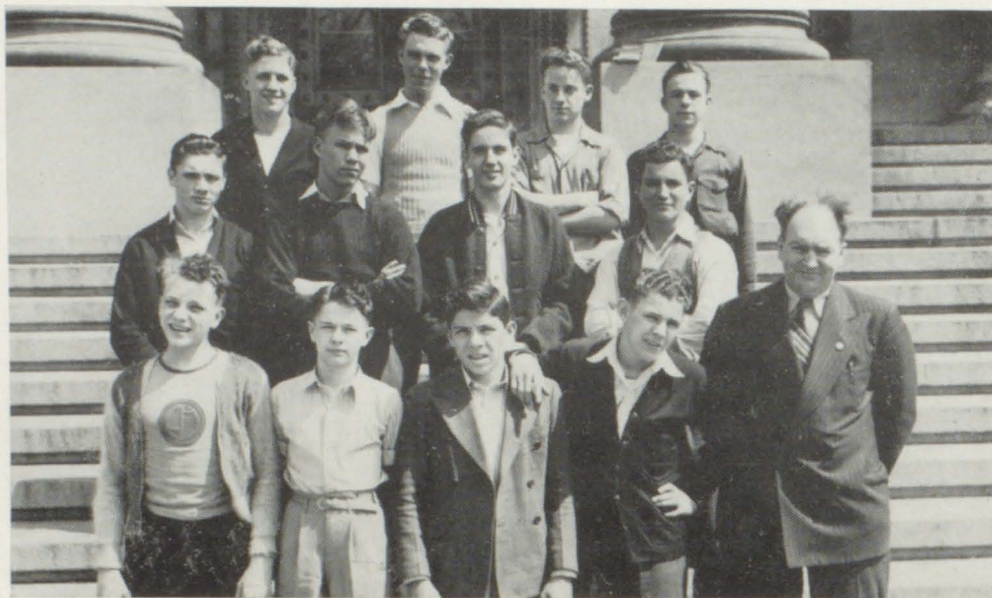

Scotty Russell is one of the most popular teachers at East. He's the medicine man in football, timekeeper in basketball, in fact he's the essential part in all East sports. Scotty is the swimming coach and a whale of a good one. He certainly knows how to train those swimmers in racing as well as in life saving. He says he's the best ping pong player and we know he's the best swimming coach.

These boys have to do just as much studying on their school work as we do, remember that, but they also must practice their swimming for two or three hours after school.

These boys give up a lot of their social life to make a good record in sports for East High. We should appreciate this and show our appreciation by attending the games.

What is said above should go for the other sports just as much as for swimming. We should remember the boys are in there fighting for us, the least we can do is give a few cheers to help them out when they're behind.

First Row: (left to right) Shan Holsinger, Kenneth Howard, Bob McFarling, Bill Mackin (captain), Mr. Gregory (coach).  
 Second Row: Harry Parker, Ralph Lindquist, George Fischer, Rodney Elifrits.  
 Third Row: Kenneth Drescher, Kenneth Brayman, Dick Rider, George Milne.

## CITY MEET

Each year the wrestling team at East matches its skill with the other teams in the city. The city meet is a great event in the lives of all school wrestlers. East usually comes out first but this year they had a slight misfortune and came in third in the city meet. One of our boys, Bill Mackin, 105 lbs., did come through by winning first in the city and second in the district meet.

# WRESTLING

## HANDS ACROSS THE MAT

The boys who grunt and groan for East High, are the fellows on the wrestling team.

Wrestling isn't just getting out on the mat and fighting around with some one. It takes training of mind and body and a knowledge of the holds used. The coach, that big brawny history teacher in room 4, can surely tell the boys how to "throw" and "pin" the other fellow. Let's tell the boys on the wrestling team that we'll grunt and groan for everyone of them.

## TAILS

Here are the boys whom no one notices. The boys who do all their work before and after the games and meets and don't get cheers or pats on the back for it are the cage monkeys. These boys work very hard for the school, checking equipment in and out. They don't have just one season; they work all year and we certainly appreciate it.

## CAGE MONKEYS

Norlan Champ, Bob McClaskey, Bob Whitson and Eddie Evans.

# GIRLS' SPORTS

Miss Helen Spencer, instructor of the girls' gym classes, also heads and supervises the Girls' Athletic Association. The G. A. A. provides an opportunity for girls to participate in many sports. All girls are eligible to use this means of building healthier bodies and, incidentally, having a grand time. The officers this year are as follows: Norma Jeffress, president; Mable Harban, vice-president; Catherine Appell, secretary; and Mary Harban, publicity secretary.

In order to encourage more girls to come out for sports, monograms are awarded for athletic prowess. Instead of earning them in one sport, as the boys do, girls must earn their monograms by being proficient in several sports. These monograms are awarded on the basis of the point system, three hundred points being needed to receive a numeral, five hundred points for one ring, a thousand for two rings, and fifteen hundred for a three-ring monogram. Some of the ways in which girls may earn points are as follows: bicycling, skating, walking and being a leader in gym class. After school sports such as tennis, tumbling, baseball, basketball, swimming, soccer, and ping-pong also help to gain more points.

In order to provide a program which will suit each individual girl's needs and enable her to get the most out of it, each day's program changes slightly.

The tennis team, pictured below is under the direction of Mr. Hafenstein and has called meetings. We don't usually hear very much about them, but any one who has watched them in action realizes that we have a grand group of girls on the team.

Want to learn the tricks of tumbling, girls? Come over to the gym Tuesday after school and get in on the fun. Can you do a handstand and a cartwheel? Here is a good place to learn, and limber up those little-used muscles of yours.

The tumbling team has presented assemblies, helped with the May Festival, and tumbled at all-school parties on previous occasions.

Shuffle-board is in the gym for girls who care to participate. The game of box hockey is another sport which finds many enthusiasts among the girls.

Everywhere today, one hears the words "physical fitness." The school gym class is one of the best places to get that essential quality. A healthy, well-trained body is a necessity if one is to be able to do his full part and keep up with studies. Come over to the gym, girls, and take advantage of this grand way to keep fit as well as to have a good time. Keep physically fit for yourself and for your country.

# G.A.A. ACTIVITIES

## BASKETBALL

Each Thursday night basketball enthusiasts from all grades gather in the girls' gym. Those who have proved themselves to be able leaders are elected as captains, and sides are chosen. These teams then take turns playing one another, each attempting to accumulate the highest number of goals for a contested victory. By coming out for basketball once a week, a girl may earn many points which will help toward her monogram, a mark of individual merit which each one covets.

## SWIMMING

Our able swimming instructor, Scotty Russell, has several large classes of girls, who are all striving for more swimming ability. This sport is a good way to improve faulty posture, and develop arm and leg muscles. Endurance, wind, and speed can be built up with a little practice. East High mermaids, swimming in class once a week, and after school for extra G. A. A. points, are developing into good swimmers. Diving and life-saving are other features which attract girls to the pool.

## GYM MONITORS

The girls' gym monitors do a lot of work, but seldom get any credit or glory. These girls are chosen by Miss Spencer because of their grades and service ability.

There are always three monitors on duty in the gym. One works in Miss Spencer's office, while the other two are in the "cage", checking baskets in and out. These girls also keep a record of the equipment that goes out, and see to it that unauthorized persons are kept out of the gym.

## Drum Major

What a grand air the drum majors add to the band! What a colorful sight their plumed hats make as they ruffle in the breeze! How lightly they step! What a picture their shining batons make as they are tossed high in the air and then skillfully caught again! Why do people blink their eyes and look again at them? Are they seeing double? No! They're twins, a fact that adds more to our band! No mention is made of their bright red uniforms, but space is too small to mention their numerous qualities.

## Cheer Leaders

The quartet of pep generators this semester consisted of Jack Hartle (captain), Kenneth Aschim, Carl Schattauer, Friedolph Hansen, and Lyle Holtman, alternate. These boys deserve a lot of credit and recognition because of their hard work during the football and basketball seasons. The whole school looks forward to the pep assemblies which they help plan during the football season. Many of the victories that East has made have been won through the pep that is generated by these boys and for which Lee Township is known. These boys must rank high in scholarship and school citizenship.

Nahas, Joe Brady.

## Library Assistants

What a room of turmoil and confusion the library would become if we did not have the obliging assistance of the library helpers! These people have willingly given up their study periods to become helpers in the library and book room. They not only have chances to be helpful to students and teachers, but also they have an opportunity for experience in working with books, filing, typing book orders, taking telephone messages, and delivering messages. This experience will be of future usefulness to them, as these jobs are typical of the kind that would be required in any business office or large public library. Also, they gain further experience in taking orders from superiors and carrying out those orders properly and exactly.

## Clerical Staff

This semester's service girls were chosen from a group of trained students. The girls, taken from the shorthand and commercial classes, were placed in positions according to their knowledge of the work. In previous semesters these jobs were given to girls who had a free study-hall period, but this plan did not work successfully.

These positions are in the main office and in the offices of Miss Helmreich, Mr. Prichard, Mr. Williams, Miss Hammer, and Mrs. Clark.

Taking dictation, typing letters, answering telephone calls, delivering messages, and filing are several of their jobs. This experience will be valuable to the girls in preparing them for the business world. They also gain the satisfaction of performing valuable services for their school.

## "What A Life"

This semester the dramatics department of East High really outdid itself in an extremely fine play—"What a Life", a story of the troubles of Henry Aldrich. James Shepherd as Henry turned in a superb performance. He sounded so much like the Aldrich boy of the radio that one might suspect they were one and the same. Betty Dixon turned in a commendable performance as Henry's heart-throb, Barbara Pearson. Max Schuette as Central High's principal, Mr. Bradley, did an equally fine job. Everett Craft, Betty Free, and Violet Glover brought many laughs from the audience in their roles as teachers of the school. Patricia McAlister as Mr. Bradley's secretary and Bob Dawson as the vice-principal of Central High added the love interest to the plot. Charles Ladd stole many scenes in the role of a stupid detective. Jack Kirstein cast as the troublemaker, George Bigelow, did a fine job. Other supporting members of the cast were Kent Tingley, Vergie McCall, Paul Sims, Jim Fackler, Dorothy McQuiston, and Tony Berardi.

While praising the cast for its fine performance we must not forget to give much due credit to Mrs. Laser, adviser; Audrey Wilson, student director, and many others whose backstage work was indispensable. Each person who witnessed this production will agree that "What a Life" was one of the finest plays ever to be produced in East High history.

## Ushers

Few of us stop to realize just how indispensable the ushers really are! They assist in a great number of duties. They not only help people find places to sit, but pass out programs and assist in other innumerable duties. Seeing their smiling faces at every school function is beginning to be taken for granted. Their friendly smiles make everyone feel at home. Their courteous manners make their greeting all the warmer. They indeed set a good example for the school.

(Orchestra)

## Orchestra

Under the direction of Mr. John McWhirter and composed of approximately fifty-five players, our orchestra is of very great value and interest to the school.

They perform at many school activities such as the spring play "What a Life", the East High Victory Concert which took place April 17, and the All City Music Festival.

They will close the semester's activities by playing at the various graduation exercises.

## Band

Our school band, directed by Mr. John McWhirter has had a very interesting and full program this semester.

They have participated in assemblies at both Amos Hiatt and Woodrow Wilson, marched in the Army Day Parade, and made a broadcast from Ames during Veisha.

We do not fully appreciate the hard work our band does in order to make a good showing for our school in these various events.

(Band)

## Dance Band

Probably one of the most popular and most enjoyable organizations in this school is our dance band. My, how they do swing out!! They provide a pleasing mixture of "sweet" and "hot" music. Their programs of the top tunes played at all the matinee dances, all-school parties, and various other occasions would make even the oldest want to get up and "swing it" with our swell band!

## Wardrobe Girls

The wardrobe girls are that unseen force behind the production. We who sit out front enjoying a performance never consider the work that goes on unseen but is of the utmost importance for a finished production. They must care for the many costumes and properties which are in constant use in various school activities. They must keep account of the items so they will be on hand when needed.

## Stage Hands, Electricians

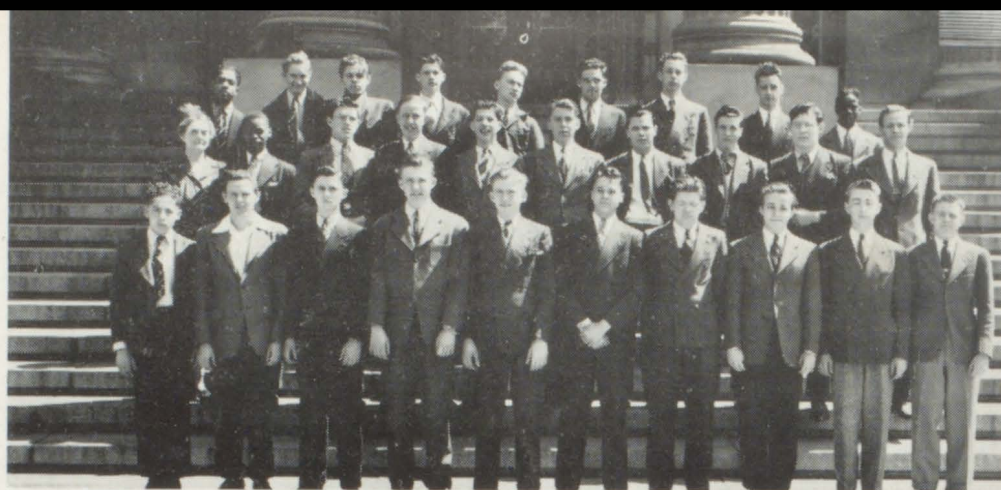

Another group of our unsung heroes of East High School are those boys who work so diligently behind the scenes of our various productions. The stagehands move the various properties into their proper places in what seems to be merely a split second while the electricians take charge of the various lighting effects and public speaking facilities. Certainly, much praise is due these valuable "behind the scenes" workers.

### Boys' Glee Club

The Boys' Glee Club, under the guidance of Miss Sigrid Greenhill, has proven to be full of excellent opportunities for those boys who are eager to gain knowledge of good music as well as to participate in singing. This group takes part in many activities of East High School and also in local programs.

### Girls' Glee Club

The Girls' Glee Club, under the direction of Miss Sigrid Greenhill, gives girls the opportunity for the development and training of their voices.

Besides receiving a great deal of value from this capable instructor's training, they get a lot of enjoyment out of singing with other girls. Through this organization, good voices are discovered.

### A Cappella Choir

The A Cappella Choir under the direction of Miss Greenhill sang this semester before three South Americans who came especially to hear them. The visitors have been making a study of school music in the United States.

We should be proud to know that out of only four school choirs chosen ours was one.

## Hobby and Craft

The Hobby and Craft club, under the leadership of Mrs. Marie Carson, is quite an interesting club. It has opened opportunities to those students who are interested in craftsmanship, that is, interested in working with metals and wood, and in making things with one's hands.

It is a great chance for students who like art, woodwork, and metal work of any kind, to learn more about these crafts and to learn their value as a nice hobby or as a successful vocation. It seems that many times students have been found to have a particular skill for something which they have never been able to encourage because of lack of opportunity to work with it. This is a situation which never should be allowed, and the school and other organizations have done much to open opportunities for students who have such problems.

In our own school, we have classes which give us a chance to follow up with our individual skills, with additional time for it in such clubs as Hobby and Craft.

This year's student leaders are Richard Stonier, president; Richard Bason, vice-president; and Louis Asarch, secretary.

### Latin

Anyone who does or ever has belonged to the Latin club, Sodalitas Romana by name, exclaims about the many good times they have at their meetings. This club, advised by the capable Miss Cummings, has among its many unique meetings an initiation that provides a lot of fun and entertainment besides bringing in a touch of Latin here and there!

### Spanish

The Spanish club, advised by Miss Christine Balliet, is made up of students taking Spanish as an elective language.

The officers of the club for this semester are Winifred Martell, president; Dolly White, vice-

president; and Darlene Kesterson, secretary-treasurer.

As the members of this club would say "ten-gamos un circulo bueno" or in other words "we have a good club."

### French

Le Cercle Francais is a club composed of students who have studied French for at least one semester. Under the capable supervision of their advisor, Miss Frances Brewer, the club has many good times. This semester there seemed to be a shortage of "les hommes" (the male specie) in the group, so this mixed club became a "hen" organization.

### Science

Our would-be scientists of tomorrow meet in room 108 and 110 under the supervision of Mr. A. G. Siverson. The Science club's program of the last semester was a very interesting one, which included several very fine talks by chemists employed in various Des Moines corporations. Through these talks with the chemists in our city the members learned many useful facts they probably would never gain in any other way.

### Cap and Dagger

The Cap and Dagger club was organized to create and promote interest in dramatics among the East High girls. Many of us do not completely understand plays. Miss Nellie Bonfield, as spon-

sor, helps the girls develop an understanding which will be of benefit to them in future years.

This semester the Cap and Dagger had Dorothy Steffens as president; Lila Bentley, vice-president; Maxine Armstrong, secretary; and Elizabeth Amway, treasurer.

### Debate

If you happen to be going down the hall that passes 204 and hear words being tossed about in copious quantities, don't be alarmed. It's only the debate club in one of their debates that are held at every meeting. They argue on a wide variety of subjects centering around events of the world of today. Besides having a lot of fun, the members gather some useful and interesting information.

## Movie Operators

The movie operators are perhaps the hardest working and the least credited group in East High.

These boys, Dick Clemens, Wendell Cottrill, Bob Snider, Alan Southworth and Tom McCrae, headed by John Gustafson, spend their lunch periods and much of their spare time making sure that you will see your favorite movie stars in their proper working order when you come to the noon movie. They also run the movie machine for all extra movies before and after school and during the assemblies.

These boys are usually selected in tenth grade by Mr. Walter Stephens for their ability and knowledge of the work.

We should be especially grateful to these boys because they are the ones who are sometimes successful in keeping us out of our third or fourth hour class for those fifteen or twenty extra minutes.

## Movie Monitors

Not many of us realize the important part the movie monitors play in making our lunch periods the enjoyable times that they are. These monitors are assigned the jobs of keeping order and watching the doors during the noon movie. Not only this, they do many other little odd jobs which go into making our movies nice.

We owe them a lot of thanks for the promptness and unselfishness with which they do their job. Even though they sacrifice much of their time for us, they are not rewarded for it. So the least any of the rest of the students could do, would be to show their appreciation for the monitor's work by helping him keep the auditorium neat and clean as possible. This would be saving him a lot of extra work. They have a large task to complete; therefore, adding to it is not quite fair.

### **Ticket Sellers and Takers**

The use of the weekly movie tickets opened several new positions for capable students this semester. The former practice of giving two pennies for admission to the noon movies each day was abandoned when the levy of new taxes affected the price. Under the new plan now in use the student purchases a ticket at the beginning of each week, entitling him to admission to the movies for the week. The pupils may also purchase single admission tickets for three cents each if they so desire but this is not as economical.

The pupils who sell these tickets spend a good deal of time on their job as do the monitors at the doors of the movie who inspect and take up tickets. The girls who take care of the sales must be able to handle money quickly and correctly, while the ticket takers must be wide-awake and efficient.

### **Candy Girls**

Perhaps the two most popular places in the school during the lunch hours and after school are the candy counters in the front corridor and cafeteria. And it is no wonder! Those delicious bars and suckers certainly make a good ending to a lunch or satisfy those pangs of hunger that issue from studying all day! The girls' smiling faces and quick service add a lot to the "good business." The large variety of suckers and bars offers a different kind for every mood, whether it be a happy one because of a vacation or a sad one because of—bad grades! The new counter in the corridor lessens the crowd in the lunchroom and helps out the girls there who deserve so much credit! So if you happen to have an extra penny (does anyone now-a-days?) drop by our candy counter and you are sure to return.

## Esquire

This organization, exclusively for boys, is headed by President Lynn Rhoads, and when he is absent by Vice-President Bob Smith. Secretary-Treasurer Eugene Griffith keeps the records. The club is advised by Mr. Ray Gewerth.

The club program for this semester has been very entertaining. It has included parties, speakers, field trips and many other things, one of the highlights of the semester being a talk by a former East High student who is now in the Marine Corps.

The purpose of this club is to create a general interest among the boys in many fields, and it seems to have done just that successfully.

## Sub Deb

A club designed to help girls improve their looks, personality, ability to get along with boys, and various other important details is our Sub-Deb club. Each semester they have representatives from various establishments come to speak on such subjects as make-up, personality, and dating. Well known is their ability to give unusual parties. Among these are a semi-annual birthday party at which everyone's birthday is celebrated, a picnic, and a Christmas party. The friendliness and ability of Miss Haines makes her an ideal adviser. The atmosphere of fun and companionship that pervades the air at the meetings makes shy girls forget their shyness and have a good time.

## Stitch and Chatter

The Stitch and Chatter club, formed in the fall of 1939, has been quite successful in the way of offering new suggestions for hobbies for girls and in meeting their desires. In this club, one is able to work with anything pertaining to hand stitching or hand-tooling. There are many different ideas under hand stitching and hand-tooling. For instance, one may work with crocheting, knitting, embroidery, and dress-making in hand stitching. In hand-tooling, one may make leather articles, such as belts and purses, or may try something harder in leather work. This club is very progressive, and is also interesting to all the girls.

## Special Interest

For several years now the most popular mixed club has proved to be the Special Interest. Despite already being the largest club, its popularity seems still to be increasing. Whatever the reason — officers, sponsors, or programs — the Special Interest club seems to be succeeding greatly.

Again this semester the club, sponsored by Mr. Wilbur Yount, has fine officers and members. With Carl Schattauer, president; Eugene Griffith, vice-president; Nancy Allen, secretary; and Sarah Smith, treasurer, the members have been having lots of fun and have been doing the things they really enjoy including a scavenger hunt, an early breakfast, and a talk by Glenn Lull, a commercial artist.

## Cosmopolitan

The Cosmopolitan was originally organized for the purpose of corresponding with the youth of other countries in order to learn and study their ways of life, habits and customs, as well as for making acquaintances with foreign boys and girls.

But lately the function of the club has been changed along with the countries with which they corresponded. The club still maintains its interest in other nations by way of the Red Cross.

Under the supervision of Miss Lois Scott the club has been knitting squares for an afghan. When the numerous squares are completed, they will be placed together and complete the afghan. The yarn is received from Red Cross headquarters where it is returned when finished.

During this last semester the club has been completing its knitting program under such able officers as Gladys Jordan, president, and Esther Larson, vice-president. Recording the event of each meeting was Secretary, Lila Lee Hall and Treasurer, Dorothy Hodges.

Second Row: Betty Ostrand, Catherine Appell, Dorris Rasmussen, Virginia Nahas, Sylvia Rapoport. Third Row: Betty Layman, Lelia Rounds, Betty Southard, Gretchen Leaf, Virginia Wheeler, Betty Dwyer.

## Modernistic

This club, which is under the supervision of Miss Nellie Mitchell, has a program of special interest to all girls. It has included this semester a trip to Davidson's Style Review with the Sub-Deb club, an initiation reception for the new members, a "Club Day" in which various members of the club discussed the history, origin, traditions and then the future plans of the club, but the main event of the club this semester was the Birthday Tea. At this tea they have a cake made and decked out with candles, etc., honoring the club's birthday. The number of candles this semester is nine. This tea also honors the graduating seniors, and each senior is given some small present in remembrance of the club.

The meetings of this club are presided over by Mary Cunningham; and in her absence Phyllis Sims, who is the vice-president, takes over. The secretary for this semester is Naida Cunningham, and the treasurer is Evelyn Lovell.

### Modernistic

Third Row: Johns, Howard, Houser, Johnson, Shepherd, Sheeler. Fourth Row: Hartman, White, Gilbert, Jones, Ratton, Boston. Fifth Row: Mitchell, Jaques, Crawford, Jones, Bushner, Miss Thompson.

### Shorthand Speed Society

The Shorthand Speed society, under the leadership of Miss Bernice Thompson, has gained many fine results the last few semesters. As the purpose of the club is to enable girls to become acquainted with different business firms, and to become acquainted with speakers or employees representing these business firms, the girls have a great chance to make some progress in the way of preparing for clerical positions. Also, the club takes field trips to different business locations and goes through these places to become familiar with their activities and individual ways of doing business.

They have quite a few speakers each semester. These speakers talk to the girls on applying for a position, getting a position, and holding it. They talk on personality, cleanliness, punctuality, honesty, etc. All these subjects prove to be of value to the girls, as they will need such qualities when working. Altogether, this club has been helpful in many respects to the girl with clerical ambitions.

#### Typing Review

First Row: (left to right) Lucille Morris, Arlene Fine, Curtis Phillips, Juanita Ratton.

### Typing Review

Each semester finds several new clubs "cropping out" in the extra-curricular activities of East High School. This year one of the more successful "youngsters" is the Typing Review Club. This organization was formed by Mr. Chas. Springate for the student who wishes to "brush up" on his or her typing. The time of each club meeting is used in free typing with Mr. Springate present to answer any puzzling questions and to help iron out any difficulties that might arise. The opportunity which this club offers should certainly not be overlooked by the student body. The enrolled members are given access to the fine typewriters that we have here in East High school, in addition to the assistance of the club advisor. This club enables students who are not fortunate enough to have a typewriter of their own to keep their typing ability aglow, for typing is one thing that needs frequent reviewing and practicing for a person to be really efficient.

## Class Will

On this fourth day of June we, the graduating class of nineteen hundred and forty-two, do here declare ourselves willing to "sacrifice" our amazing accomplishments which have shown throughout our illustrious semester, in order to give the coming Senior class a little something with which to start. Whether or not they need our contributions which we so cheerfully will to them this day remains to be seen.

In the first place, no Senior class could get along without the personality of John Gustafson, so Johnny leaves his ability to get along with everyone to Vernon Winfrey.

Shirley Jean Olson is willing to leave her pep to Mildred Nichols.

Of course, in every class there is one of those fellows who can get his studies without any apparent effort. Jerry Krueger leaves this accomplishment to Mickey Griffith.

Then there is Beverly Blakes' technique which she leaves to Bonnie Gladstone.

Betty Anderson's laugh which makes everyone want to join her is left to Phyllis Bunker.

James Merritt is taking his scientific abilities along with him for future reference; but he and Hal Kreutz will leave their vocal talents to whoever can use them.

Betty Free's all-round likeableness is left behind for Elizabeth Rosberg.

Helen Oberg leaves her record of straight 1's to any of you struggling students who might need them.

Jim McQuiston donates his bashfulness to James Shepherd—he can use it.

Bob Eisenlauer is the lucky recipient of Max Schuette's intelligence.

Billie Miller donates her sweetness to Miriam Burke.

Einar Johnson leaves his athletic ability to Vincent Filliman.

Warren Jones leaves his silly antics to Russell Casson and Jack Kirstein as it wouldn't be humanly possible to burden one person with all of them.

The artistic ability of Ronald Kail is left to Max Halverson.

Eddie Blaine upholds Carroll Cram's ability to enjoy class arguments.

The fact might be made known here that Bob King absolutely refuses to part with "Bessie."

The musical talents of Lynn Rhoades are left to Corwin Champ.

Flash! Ben Mills pauses a moment to say he will leave his track abilities to Chuck Harban.

Jack Jones' good looks go to Bob Smith.

Dorothy Osborn desires to take her "Tips To Trappers" to college with her as she feels she may need it.

*May Success & Happiness  
Be forever yours, Lillie  
Henry*

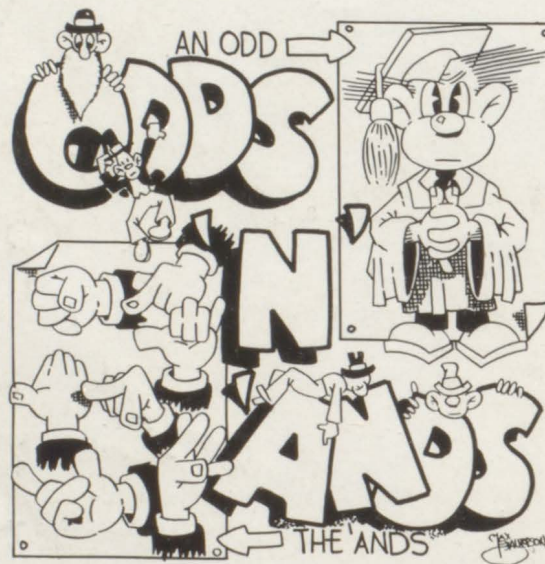

## The Odds

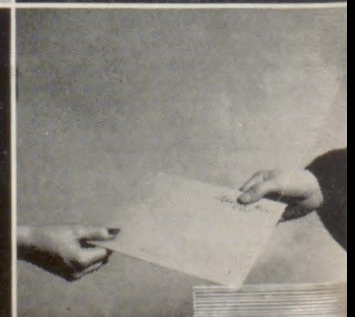

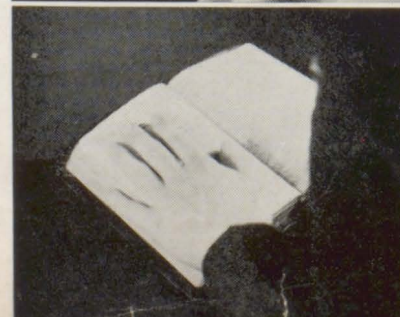

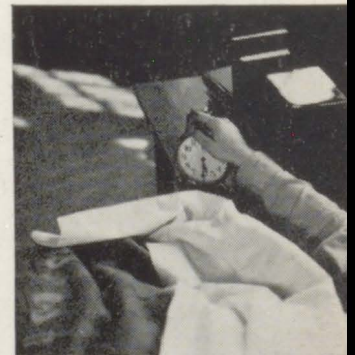

Through the eyes of the sophomore or junior, the senior always seems odd and slightly hilarious. Until one has experienced exuberant life through his own participation in the functions of the senior term, he doesn't appreciate or understand the antics of his upperclassman; nor does he realize

that this last semester will be remembered forever as an outstanding period in the life of every graduate.

As I stepped up to the lonesome lady in the hotel lobby, I inquired, "Are you looking for a particular person?"

"I'm satisfied," she said, "if you are."

Miner—I drink like a fish.

Hostess—Listen, big boy, you don't know what water tastes like!

"I'm writing a book about something that's close to my heart," announced the siren. Whereupon a suitor declared, "Oh, who wants to read about ice?"

Wife—Strange, you're always like this after an advertising dinner.

Faint Voice from Bed—It's the food they give you to drink, dearest.

The congressman's wife sat up in bed, a startled look on her face. "Jim," she whispered, "There's a robber in the house."

"Impossible," was her husband's sleepy reply. "In the Senate, yes, but in the House, never."

Golfer (unbalanced by some afternoon drinks) to opponent—Sir, I wish you clearly to understand that I resent your interference with my game. Tilt the green once more, and I chuck the match.

Soph—Did you ever take chloroform?

Frosh—No. who teaches it?

Admiral—Rub his nose in it.

Frosh—Maw and paw had an awful time getting married. Maw wouldn't marry paw when he was drunk and he wouldn't marry her when he was sober.

Native—What do you think of our town?

Collegiate Youth—Well, it certainly is unique.

Native—What do you mean by unique?

Collegiate Youth—Well, it comes from two Latin words—"unus," meaning "one," and "equis," meaning "horse."

"Willie," asked the teacher of the new pupil,  
"do you know your alphabet?"

"Yessum," answered Willie.

"Well, then," continued the teacher, "what  
letter comes after A?"

"All of 'em," was Willie's reply.

Little Girl: Mummy, you know that vase you  
said had been handed down from generation to  
generation?

Mummy: Yes, dear.

Little Girl: Well, this generation has dropped  
it.

Teacher: Now, Percy, what is the third letter  
of the alphabet?

Percy: I dunno.

Teacher: Yes, you do. What is it that you do  
with your eyes?

Percy: Mother says I squint.

A young lady rushed into a drug store and asked:  
"Do you sell films for pocket moving picture  
cameras?"

"Certainly," said the clerk.

"Then give me one, quick! Father's being  
chased by a bull."

## Now Is No Time To Throw Old But Good Shoes Away!

Regardless of what condition your old shoes are in, we  
can make them look years younger.

Men's and women's shoes re-soled and re-heeled by  
trained experts, using fine quality materials and the  
proper equipment to do your work right. Your shoes  
will look almost new and give re-doubled wear at much  
less than the cost of new shoes.

Shoes dyed any color. Fine dyes and new, approved  
methods are used.
